

TEMPORARY SEND-OUT: CELIAC IGG

TISSUE TRANSGLUTIMASE (tTG), IGG; DEAMINATED GLIADIN (DGP), IGG

January 31, 2024

**TEMPORARY SEND-OUT
CELIAC IgG**

Effective January 29, 2024, Pacific Diagnostic Laboratories (PDL) started temporarily sending out Celiac IgG (includes tTG, IgG and DGP, IgG) to our partner referral lab, LabCorp.

| Reason For Temporary Send-Out | Expected Resolution |
|---|---|
| Our test vendor is experiencing a supply chain issue. | Supply replenishment is expected in March 2024. |

IMPACTED TESTS AND TEST PANELS:

| | |
|---|---------|
| ■ CELIAC IGG | LAB9753 |
| ■ CELIAC PANEL | LAB9756 |
| ■ GLIADIN ANTIBODIES (DEAMINATED), IGA/IGG | LAB725 |
| ■ GLIADIN ANTIBODY (DEMAINATED), IGG | LAB872 |
| ■ TISSUE TRANSGLUTAMINASE ANTIBODIES, IGA/IGG | LAB9952 |
| ■ TISSUE TRANSGLUTAMINASE ANTIBODY, IGG | LAB9922 |

ACTIONS UNDERWAY:

1. PDL is routing outstanding tTG, IgG and DGP, IgG test requests to LabCorp; PDL is automatically reflexing these orders; new reflex codes information is provided in the chart below.
2. PDL is attaching a comment for tTG, IgG and DGP, IgG tests that have been directed to LabCorp: *“Due to a vendor supply backorder, this test has been sent out to LabCorp. Results will be sent under a separate report.”*
3. PDL is removing any associated charges for the in-house test that is routed to LabCorp.
