

PDL UPDATE:

Temporary Turnaround Time Delay HPV and HPV & Pap Testing

November 4, 2020

WHAT HAS OCCURRED

Pacific Diagnostic Laboratories (PDL) is experiencing delays with HPV testing due to a supply shortage. This is impacting the following tests:

TEMPORARY DELAYS on Turnaround Time:

- HPV High Risk Screen MRNA by TMA (LAB8917)
- Pap (LAB4) with co-test or reflex to HPV High Risk Screen

EXPECTED RESOLUTION

We are expecting our supplies at the end of this week. Outstanding testing will be completed as quickly as possible following receipt.

Our apologies for the inconvenience this temporary turnaround time delay may cause.
