

SPECIALTY LABORATORY KIT DRAW UPDATE

August 21, 2023

Effective August 1, 2023, Pacific Diagnostic Laboratories (PDL) has limited the specialized laboratory kits that will be collected and the Patient Service Centers (PSC) that will be performing the kit collections.

KEY POINTS

CONTRACTED LABORATORIES

PDL will only be performing KIT COLLECTIONS for the following contracted laboratories (patients will be turned away if they come for a kit collection for a non-contracted laboratory):

- Ambry Genetics
- CareDx (Allosure)
- Exagen (Avisé)
- Grail, Inc. (Galleri)
- LabCorp (MaterniT21, Integrated Genetics, Genzyme, Sequenom)
- Natera (Prenatal, Carrier and Hereditary Cancer Screens)
- Transplant / Donation Screening

PDL COLLECTION SITES FOR KIT COLLECTIONS

PDL will only be doing kit collections at the following PDL Patient Service Centers (PSC):

<p><u>APPOINTMENTS ARE HIGHLY ENCOURAGED FOR KIT COLLECTIONS</u></p> <p>There may be collection and shipment timing considerations.</p>	
<p>Templeton 1050 Las Tablas Road, Suite 10</p>	<p>Santa Barbara-Bath 2320 Bath Street, Suite 103</p>
<p>San Luis Obispo 1039 Murray Avenue, Suite 100</p>	<p>Santa Barbara-Ridley Tree 540 West Pueblo Street</p>
<p>Santa Maria 426 East Barcellus Avenue, Suite 203</p>	<p>Oxnard 1700 Lombard Street, Suite 120</p>
<p>Santa Ynez-Village 2028 Village Lane, Suite 204</p>	<p>Thousand Oaks 2220 Lynn Road, Suite 304</p>
<p>Goleta-Hollister 5333 Hollister Avenue, Suite 120</p>	

REASON FOR THE CHANGE

PDL recently completed a compliance/legal review of our specialty laboratory kit collection services. To ensure fair market value of our services, we are now requiring all specialty laboratories to contract with PDL for kit collections.
