

# RESPIRATORY TESTING 2023-2024

September 20, 2023

Pacific Diagnostic Laboratories (PDL) is providing this update as an overview of current test options available for COVID-19, Influenza A & B and Respiratory Syncytial Virus (RSV) for the 2023-2024 respiratory season.

**Key Resources:**

- CDC Weekly Respiratory Virus Updates: <https://www.cdc.gov/respiratory-viruses/whats-new/index.html>
- Santa Barbara Public Health COVID-19 Dashboard: [Santa Barbara County Community Data Dashboard \(sbcddashboard.info\)](http://sbcddashboard.info)

## TEST OPTIONS COVID-19, INFLUENZA A&B, RESPIRATORY SYNCYTIAL VIRUS (RSV) 2023-2024 SEASON

Lab Code:	Test Name:	Acceptable Source(s):	Collection Kit:
LAB10789	COVID-19 Nucleic Acid Amplification (NAA)	Nasal or NP*	UTM/VTM
LAB10941	COVID-19 SALIVA (NAA)	Saliva (min 1 mL)	Saliva Collection Kit
LAB10820	INFLUENZA A AND B WITH COVID-19 BY PCR	Nasal or NP	UTM/VTM
LAB10967	INFLUENZA A AND B WITH RSV	NP	UTM/VTM
LAB8740	RESPIRATORY PANEL WITH COVID-19 BY PCR†	NP	UTM/VTM
<b>If requesting all FOUR tests: COVID-19, Influenza A, Influenza B, RSV only one collection is needed</b>			
LAB10789	COVID-19 Nucleic Acid Amplification (NAA)	NP	UTM/VTM
AND			
LAB10967	INFLUENZA A AND B WITH RSV		

\*NP: Nasopharyngeal

†Respiratory Panel with COVID-19 by PCR: Local Coverage Determination (LCD) this panel is NOT recommended for outreach use except in limited situations. Complete information on criteria for coverage is available on the CMS website:

[LCD - MoIDX: Molecular Syndromic Panels for Infectious Disease Pathogen Identification Testing \(L39001\) \(cms.gov\)](https://www.cms.gov/medicare/coverage/determinations/lcds/2023/2023-01-01-coverage-determinations-infectious-disease-pathogen-identification-testing-l39001)

**REMINDER:**  
PDL no longer offers COVID-19 collection services.
