

PDL Notice:

## Platelet Function Screen (PFA)

### NO LONGER AVAILABLE

December 7, 2020

#### Issue:

Effective immediately, Pacific Diagnostic Laboratories (PDL) no longer offers the Platelet Function Screen (PFA) test.

#### **NO LONGER AVAILABLE: Platelet Function Screen LAB9419 (PFA)**

#### Reason for the Discontinuation:

PDL has made the decision to discontinue offering platelet function screening due to instrument reliability concerns, the limited clinical utility and low volume of test requests.

#### Alternative Testing:

Los Robles Health System may be able to accommodate requests for PFA through their laboratory outreach center. Due to the limited stability of the specimens related to this testing PDL is not able to offer a pass through option. Please contact Los Robles directly for this service.

#### If you have additional questions:

Please contact us at PDL Client Services at (805) 879-8100
