

TEMPORARY SEND-OUT:

Anti-beta-2 Glycoprotein, IgM; Cardiolipin antibody, IgM; Myeloperoxidase (MPO), IgG; Proteinase 3 (PR3), IgG; Glomerular Basement Membrane, IgG

June 12, 2024

Due to a vendor supply chain issue, Pacific Diagnostic Laboratories (PDL) is temporarily sending out the following tests to our partner referral lab, LabCorp:

- Anti-beta-2 Glycoprotein, IgM
- Cardiolipin antibody, IgM
- Glomerular Basement Membrane (GBM), IgG
- Myeloperoxidase (MPO), IgG
- Proteinase 3 (PR3), IgG

ORDERS:

- **NO ORDER CODE CHANGE IS NEEDED.**
- PDL is *automatically* reflexing/routing the impacted tests to LabCorp.

RESULT REPORTS:

- For the PDL in-house test, the following comment is being added *“Due to a vendor supply backorder, this test has been sent out to LabCorp. Results will be sent under a separate report.”*
- LabCorp results will be sent back as a separate report.
- Electronic medical record (EMR) applications *may* need updates to receive the results back without error. We have provided the test information on the second page of this notice to assist with this.

RESOLUTION:

The supply issue should be resolved in July 2024.
